Sustainable Event Management & Consultation Services

Sustainable Event Management

RCAN is experienced in working with a range of partners for the delivery of sustainable events, including conferences, seminars and workshops both regionally and county wide. This includes working with public sector organisations such as County Councils and District Councils, Strategic Partnerships, east midlands development agency, Government Office East Midlands and local community groups.

Working to your agreed specification we plan our services to meet your exact requirements including on site delegation registration, high quality locally sourced food, including vegetarian and healthier nutritional options, and venues situated in central locations or within easy access for public transport. We can supply state of the art audio visual equipment and staff trained in its use. We also have access to a full graphic design/media services and ICT expertise and we can produce high quality flyers, leaflets and other promotional material to support your event. We can provide a complete on site event management package .

Consultation Services

RCAN has considerable expertise in a variety of on line, paper based and face to face consultation techniques for voluntary and public sector organisations. In addition, post consultation we can offer specialist rural knowledge and rural intelligence to signpost influence and advocate on behalf of rural communities at both county and regional level.

Our consultation methods include: Parish Plans, Focus Group Sessions, Planning for Real, Village Design Statements, Parish Maps and Telephone Questionnaires.

Our full service includes full support through the planning and design stages to ensure that the needs of the customer are fully reflected. We provide guidance and attendance at strategy planning level and offer support with writing the action plan. We have specialist software which we use to design all of our electronic and paper based questionnaires and can provide full graphic design /media services and ICT expertise and can produce high quality flyers, leaflets and other promotional material to support your initiative.
